Description and how to apply

4-5 Gray's Inn Square is a leading public and commercial law set.

Due to an increase in work Chambers invites applications for third six pupils to commence either immediately or in Autumn 2021.

Our core practice areas are public & administrative, commercial & chancery, planning & environment, property & housing, international, and regulatory, professional discipline & business crime.

Chambers is committed to the provision of creative and practical legal advice responsive to the commercial needs of our clients and has a reputation for excellence in all of our practice areas. Our barristers are supported by a first class clerking and business management team. We pride ourselves on providing a friendly and supportive work environment for members.

Applicants should have an excellent academic background, strong inter-personal and advocacy skills, a dedication to practising at the self-employed bar and have experience of, or an interest in, one or more of our core practice areas.

All offers will be made with a view to tenancy being offered on successful completion of a third six pupillage.

Applications should include a covering letter, a CV, a short description of work undertaken during pupillage, an anonymised example of the applicant's written work (either an advice, pleading or skeleton argument) and any references or details of referees that the applicant wishes chambers to consider. References from former pupil supervisors are considered particularly useful.

Applications, marked "Third Six Pupillage Application", should be emailed in the first instance to clerks@4-5.co.uk.

Applicants may be invited for interview at a mutually convenient time.

The deadline for applications is 31 July 2021, but please note that the vacancies may be filled earlier by suitable applicants.

Chambers operates an equal opportunity recruitment policy and encourages applications from candidates from all backgrounds regardless of age, gender, race, sexual orientation, marital status, religion or disability.
